

LeChase Construction Management

LeChase Construction Management

When it comes to complete project management services, the LeChase Construction Management Team streamlines the construction processes to optimize your resources.

We understand that construction is more than simply building a building - our experience in all phases ensures that your projects are completed on time and on budget.

We offer a complete picture of the project - identifying challenges and opportunities upfront - then we present the best possible solutions and manage the project to successful completion and beyond.

Our expertise runs across many industries including:

- Corporate Office and Businesses
- Healthcare
- Senior Living
- Higher Education
- K-12
- Process Industrial
- R&D/Cleanroom
- Government and Institutions
- Commercial/Retail
- Parking Structures
- Sports and Entertainment
- Manufacturing

Working with owners and design professionals, LeChase brings over 60 years of experience through the whole project process helping owners achieve their project goals for the best possible value.
